2020 Sponsorship Opportunities: The Cultural Landscape Foundation Landslide 2020: Women Who Shaped the American Landscape

Each year TCLF creates an annual thematic [Landslide@report](#) about threatened cultural landscapes and landscape features, with the goal of making each site more visible, revealing its value, and promoting public engagement in the form of advocacy and stewardship. The year 2020 marks the centennial of the passage of the Nineteenth Amendment to the U.S. Constitution, which guaranteed women the right to vote. To help celebrate that landmark in history, and to simultaneously shed light on at-risk landscapes created by or associated with pioneering women, TCLF will produce Landslide 2020: Women Who Shaped the American Landscape, a photographic exhibition that will debut at the Boston Architectural College in the fall of 2020 and will then travel to venues around the nation. TCLF will also produce a fully illustrated, printed gallery guide (pending funding) and an online version of the exhibition.
