# Landscape Legacy in Newport, RI

Visit the remarkable and diverse landscapes of Newport County through free, expert-led tours and experience one of our nation's greatest treasures. From the vernacular Cliff Walk used by Native Americans and Colonial fishermen and the stately Gilded Age mansions that ornament Narragansett Bay to Queen Anne Square designed by Maya Lin, Newport's storied collection of landscapes is unrivaled. Join TCLF and The Preservation Society of Newport County for more than two dozen tours ranging from public parks to once-private mansions in Newport, Portsmouth, Middletown, and more.

*What's Out There Weekend* dovetails with the Web-based *What's Out There*, the nation's most comprehensive searchable database of historic designed landscapes. The database currently features more than 1,700 sites, 10,000 images, and 900 designer profiles. *What's Out There* is optimized for iPhones and similar handheld devices, and includes a new feature—*What's Nearby*—a GPS-enabled function that locates all landscapes in the database within a 25-mile radius of any given location.

21 St. George's School

### The Cultural Landscape Foundation®

(TCLF) provides people with the ability to see, understand, and value landscape architecture and its practitioners, in the way many people have learned to do with buildings and architects. Through its Web site, lectures, outreach and publishing, TCLF broadens the support and understanding for cultural landscapes nationwide.
